About Us

PT Tripanca Multiparts Solutama is a specialized procurement and supply company focused on providing high-quality spare parts for trucks and heavy equipment across various industries in Indonesia. Established in 2026 and headquartered at Sun Life Tower, **PT Tripanca Multiparts Solutama** serves customers from diverse sectors, including *mining, construction, logistics, transportation, plantations, manufacturing, energy*, and other industrial operations nationwide.

As a **One-Stop Supplier**, we provide comprehensive procurement solutions for truck and heavy equipment spare parts, helping our customers maintain operational efficiency while minimizing downtime. Our extensive supplier network, industry expertise, and commitment to customer satisfaction enable us to deliver the right products at the right time and at competitive prices.

In addition to standard procurement services, we offer **Consignment Stock** programs, **Emergency Supply** services, and customized sourcing solutions to support critical operational requirements. We understand that equipment reliability is essential to business continuity, which is why we are committed to delivering fast response times, accurate solutions, and dependable service.

Driven by our commitment to excellence, **PT Tripanca Multiparts Solutama** aims to become a trusted strategic partner for businesses throughout Indonesia. We are proudly a subsidiary of **Thirty Five Kapital Group**, aprominent group with diverse subsidiaries across the nation, ensuring strong corporate governance and a solid business foundation.

Corporate Values

F.A.R

Our operational philosophy is guided by our core values, encapsulated in F.A.R. :

F

Fast Response

We respond quickly and proactively to customer needs, understanding that time is critical in maintaining operational continuity.

Accurate Solutions

We deliver precise products, information, and procurement solutions that meet customer specifications and operational requirements.

A

R

Reliable Partnership

We build lasting relationships through consistency, commitment, and dependable service, becoming a trusted partner our customers can rely on.

Our Vision

To become Indonesia's **most trusted partner** in truck and heavy equipment spare parts solutions, delivering **fast**, **accurate**, and **reliable** procurement services that drive our customers' operational excellence.

Our Mission

- To provide high-quality truck and heavy equipment spare parts that meet customer requirements and industry standards.
- To deliver responsive, efficient, and reliable procurement services that minimize operational downtime.
- To serve as a One-Stop Supplier by offering integrated procurement solutions, including sourcing, consignment stock, and emergency supply services.
- To build long-term partnerships based on trust, integrity, professionalism, and mutual growth.
- To continuously develop our people, systems, and capabilities to meet the evolving needs of the industries we serve.
- To create sustainable value for customers, employees, business partners, and stakeholders.

Our Solutions

We understand that equipment reliability is essential to business continuity, which is why we design tailored solutions to support critical operational needs.

In addition to standard procurement services,

we offer:

1

Consignment Stock

Inventory placement programs at customer locations to guarantee instant spare parts availability.

2

Emergency Supply

Priority logistics services for spare parts delivery during unexpected breakdowns.

3

Customized Sourcing

Specialized sourcing solutions to meet specific spare parts requirements or hard-to-find items in the market.

Industries We Serve

We serve nationwide customers across various essential sectors, providing specialized support to ensure their machinery and fleets remain in peak condition:

Mining

Supporting heavy-duty operations in coal, mineral, and metal extraction, where equipment reliability is the backbone of production. We provide robust, high-durability spare parts designed to withstand the most challenging and abrasive environments.

Construction

Providing essential components for infrastructure development, from heavy earth-moving machinery to site transport vehicles. We help contractors maintain project timelines by ensuring that their fleet remains operational and efficient.

Logistics & Transportation

Ensuring the seamless movement of goods across the nation by keeping supply chain fleets and long-haul trucks running reliably. We minimize downtime for logistics operators to ensure timely deliveries and operational efficiency.

Plantation

Supporting the agricultural and commodity industries with reliable parts for tractors, transport trucks, and onsite machinery. We understand the specific needs of plantation operations in remote areas and are committed to providing the right solutions to keep the harvest moving.

Manufacturing & Energy

Supplying critical parts for facility maintenance, material handling, and energy production equipment. We support the industrial sector in maintaining continuous production cycles and optimizing plant operational performance.
